Re: Southwestern Public Service Company  
Errata to 2021 Transmission Formula Rate Annual Update Informational Filing  
Per Attachment O-SPS Protocols  
Docket Nos. ER08-313-000 *et al.*

Dear Secretary Bose:

On December 1, 2022, Southwestern Public Service Company (“SPS”) submitted as an informational filing the Annual Update of its Transmission Formula Rate (“Annual Update Filing”) pursuant to the Formula Rate Implementation Procedures included as Appendix 1 to Attachment O-SPS to the Xcel Energy Operating Companies Joint Open Access Transmission Tariff. The Annual Update Filing submitted included the calculation of the 2023 SPS estimated Annual Transmission Revenue Requirement (“ATRR”), 2021 ATRR true-up, and charges for transmission service on the SPS system for the upcoming rate year (January 1, 2023 to December 31, 2023). The Annual Update Filing also included SPS’s Base Plan Upgrade (“BPU”) revenue requirement, which includes the costs of BPU facilities recovered regionally under Schedule 11 to the Southwest Power Pool, Inc. (“SPP”) Open Access Transmission Tariff (“SPP OATT”).

Since the submittal of the Annual Update Filing, it has come to SPS’s attention that SPS did not update its “WsP BPU Summary” tab in the 2023 Projection for the BPU true-up amounts per project from the 2021 actuals. However, SPS did calculate the total BPU revenue requirement true-up correctly on the “ARR Projected Data” tab. Due to this oversight SPS is refileing the Excel and PDF version of the 2023 Projection. SPS is also providing a file called (“02-2023---WsP True-up Weighting”) which shows the true-up weighting by project. SPS is providing the file “02-2023---Attachment O-SPS 2023 Rate Projected R2” in Excel and PDF to replace the version filed originally with the Annual Update Filing.

As with the Annual Update Filing, this errata filing is provided to the Commission for informational purposes only. This submission is not intended to be subject to the Commission’s notice requirements, and the Commission need not take any action in response to this informational filing.

Ms. Kimberly D. Bose

SPS will post a copy of this informational filing on the transmission page of the Xcel Energy Inc. website ([www.transmission.xcelenergy.com](http://www.transmission.xcelenergy.com)), the Xcel OASIS & OATT, and the SPP Member Related postings page so SPS and SPP OATT customers are aware of this filing. SPS will also electronically serve a courtesy copy of this transmittal letter on all parties to Docket No. ER08-313-000 et al. to notify them of the filing.

Please direct any questions regarding this informational filing to the undersigned at (806) 378-2424 or Mr. Wesley Berger at (806) 378-2891.

Respectfully Submitted,

/s/ Casey Settles
